B.Ich habe sehr lange mit mir gehadert, ob ich wirklich einen Teil meiner Lieblingsbuch-Serie als Comic lesen mchte. Ich wusste nicht, ob ich Mac Co. gezeichnet sehen mchte. Aber: ich sag wirklich WOW!Karen Marie Moning hat sich mit Al Rio und Cliff Richards zwei sehr gute Illustratoren fr dieses Comic

ausgesucht. Die Zeichnungen sind wirklich gut und die Charaktere gut ausgearbeitet. Die Story ist natürlich nicht so umfangreich wie die Bücher, dennoch aber spannend: ein neuer Fae treibt in Dublin sein Unwesen. Dieser Fae nimmt sich Teile von Gesichtern und die Opfer verfallen in ein Koma. Auch Dani wird von diesem Fae heimgesucht... Ich kann dieses Comic wirklich jedem Fan von der Fever Serie empfehlen. Mir hat es sehr gut gefallen. 1 von 1 Kunden fanden die folgende Rezension hilfreich. toller Comic von Karigan. Ich habe mir den Comic als Ergänzung zur Fever-Buchserie gekauft. Die Story ist Klasse und zeigt noch einmal wie ein Unseelie - die Fear Dorcha - mit den Menschen Schindluder betreibt und ihnen Teile des Gesichts stiehlt. Unter anderem nimmt sich der Dieb dabei auch Freunde von MacKayla Lane vor - Dani, Kate - die daraufhin ins Koma fallen. Mac geht dem ganzen nach und rettet die Menschen vor dem Unseelie. Aber etwas anderes haben wir ja von unserer Heldin und Barrons auch nicht erwartet :) Die Zeichnungen sind sehr detailliert und gut gemacht. Aber irgendwie hatte ich mir sämtliche Protagonisten etwas, oder gänzlich anders vorgestellt. Dies ist aber meine persönliche Empfindung und soll daher nicht die Wertung schmlern. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Fever Moon (Graphic Novel) von Lily M. "Fever Moon (Graphic Novel)" by Karen Marie Moning and features art by Al Rio and Cliff Richards is a full-color graphic novel and takes place before "Shadowfever" (book 5). It was really great to see all the characters come to life and to have a look through the artists and author's perspective, even if I don't entirely agree with how they look, but I guess we all have our own ideas how the characters should look. Anyway I did enjoy the plot and the artwork is amazing. I love the Fever Series. It's one of my fav Series ever. I would recommend this to all "Fever" fans.

Kurzbeschreibung An all-new Mac Barrons story by #1 New York Times bestselling author Karen Marie Moning, marvelously adapted into a full-color graphic novel by writer David Lawrence and illustrator Al Rio. In Fever Moon, we meet the most ancient and deadly Unseelie ever created, the Fear Dorcha. For eons, he's traveled worlds with the Unseelie king, leaving behind him a path of mutilation and destruction. Now he's hunting Dublin, and no one Mac loves is safe. Dublin is a war zone. The walls between humans and Fae are down. A third of the world's population is dead and chaos reigns. Imprisoned over half a million years ago, the Unseelie are free and each one Mac meets is worse than the last. Human weapons don't stand a chance against them. With a blood moon hanging low over the city, something dark and sinister begins to hunt the streets of Temple Bar, choosing its victims by targeting those closest to Mac. Armed only with the Spear of Destiny and Jericho Barrons, she must face her most terrifying enemy yet.
