It's thorough, well organized, and easy to use. I'm not in agreement with all of Bullinger's theological views, but his scholarly insight on how scripture uses figures of speech has proven to be extremely valuable in helping me gain a deeper and more clear understanding of God's word. I consider this to be one of the better resources on my bookshelf. It's a great companion with Strong's Concordance, and my Hebrew and Greek lexicons.0 von 0 Kunden fanden die folgende Rezension hilfreich. Most complete book on figures in the Bible or anywhere.Von Ein KundeThis book catalogs and shows how God utilizes over 200 types of figures of speech to call attention to what He views as most vital in His Word.
