and mystics in the Catholic tradition. A comprehensive discussion of St. Teresa's "mansions" and St. John of the Cross's "dark night of the soul," this book is also a practical guide for people who want to grow in prayer and in the universal call to holiness. Fr. Dubay is an authority on both theory and practice, and is a much sought-after spiritual director. His explanation of discerning genuine encounters with God versus one's own self-delusion is especially useful in the realm of contemplation, since contemplation is by its very nature not an objective experience. He elucidates the movement from meditation to contemplation and distinguishes it from other psychological states. His chapter on friendship and the development of virtues sets the entire contemplative experience within the context of the goal and purpose of prayer. This is a meaty book, but it is well worth the effort.0 von 0 Kunden fanden die folgende Rezension hilfreich. Want to really understand the life of prayer?Von Ein KundeThis book is a phenomenal introduction to some of the best writers of the spiritual life--John of the Cross and his contemporary Theresa of Avilla. This book will give everyone a clear, susinct, insight into these giants of spirituality whose writings have stood the test of time. The book discusses their lives, and their writings and compares it to the gospel understanding. The author, DuBay, rightly concludes that EVERYONE is called to be a mystic! Then explains what that process is! A msut read for anyone who wants to grow in their relationship to God!0 von 0 Kunden fanden die folgende Rezension hilfreich. A How to Guide about being a Christian MysticVon David BennettThis book is basically a How-to guide on how to be a Christian mystic, focusing on the writings and life of John of the Cross and Teresa of Avila. It is a very concise book, and is not light reading, but I enjoy that fact. I highly recommend this book for the individual interested in deepening their experiences with the Triune God.

KurzbeschreibungThis book is the fruit of Fr. Dubay's many years of study and experience in spiritual direction and in it he synthesizes the teachings on prayer of the two great doctors of the Church on prayer--St. John of the Cross and St. Teresa of Avila--and the teaching of Sacred Scripture. But the teaching that Fr. Dubay synthesized is not collected from Teresa and John for contemplatives alone. It is meant for every Christian and is based on the Gospel imperative of personal prayer and the call to holiness. All the major elements of these great teachers are ordered, commented on and put in the context of their scriptural foundations. Here is an outstanding book on prayer and the spiritual life written by one of the best spiritual directors and retreat masters of our time, and based on the writings of the Church's two greatest mystical doctors.
