Von Phil Genova : First Cast: Teaching Kids to Fly-Fish before purchasing it in order to gage whether or not it would be worth my time, and all praised First Cast: Teaching Kids to Fly-Fish:

Kurzbeschreibung Based on the acclaimed Fly Fisher Apprentice Program. Covers tackle, fly tying, casting, knots,

wading, plus respecting trout and their habitat. Kurzbeschreibung Based on the acclaimed Fly Fisher Apprentice Program. Covers tackle, fly tying, casting, knots, wading, plus respecting trout and their habitat. Synopsis First Cast is based on a unique program that has taught thousands of youngsters to fly-fish. Genova's acclaimed Fly Fisher Apprentice Program is a field-tested system that takes children from the tying bench to the stream, from their first half hitches and Woolly Buggers, to long casts over rising trout or stripers in the surf. The program also helps the children to develop knowledge of and respect for the fish and their habitat.
