**Von Jonathan Maberry : Flesh Bone (Rot Ruin)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Flesh Bone (Rot Ruin):

KurzbeschreibungThe third times the charm with even more adventureand goreas the Rot Ruin series continues (Kirkus s).Reeling from the devastation of Dust Decay, Benny Imura and his friends plunge deep into the zombie-infested wastelands of the great Rot Ruin. Benny, Nix, Lilah, and Chong journey through a fierce wilderness that was once America, searching for the jet they saw in the skies months ago. If that jet exists then humanity itself must have survivedsomewhere. Finding it is their best hope for having a future and a life worth living. But the Ruin is far more dangerous than any of them can imagine. Fierce animals hunt them. They come face to face with a death cult. And then theres the zombiesswarms of them coming from the east, devouring everything in their paths. And these zoms are different. Faster, smarter, and infinitely more dangerous. Has the zombie plague mutated, or is there something far more sinister behind this new invasion of the living dead? One thing Benny and his companions cant afford to forget: In the great Rot Ruin, everything wants to kill you.Pressestimmen"The third times the charm with even more adventureand goreas the series continues."--Kirkus sKurzbeschreibungThe third times the charm with even more adventureand goreas the Rot Ruin series continues (Kirkus s).Reeling from the devastation of Dust Decay, Benny Imura and his friends plunge deep into the zombie-infested wastelands of the great Rot Ruin.
