Von Kenneth Wapnick : Form versus Content: Sex and Money (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Form versus Content: Sex and Money (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Wunderbares Buch fr KursschlerVon KundeKen ist wohl der beste Kenner von "Ein Kurs in Wundern" und seine Texte sind so klar, dass man sie nicht missverstehen kann, vorausgesetzt man macht den Kurs in Wundern. Mir ist beim Lesen nicht nur ein Licht aufgegangen, sondern eine ganze Menge davon.Ken vermittelt hier tiefe Einsichten in

das Wesen des Ego, speziell in dessen Formen Sex und Geld - den am meisten mit Schuld beladenen Themen in dieser Welt. Kein Wunder. Aber man muss es selbst gelesen haben! Ken bekommt bei mir immer 5 Sterne!

Kurzbeschreibung The near-universal preoccupation with the issues of sex and money can be traced to the ego's agenda concealed in our mind specifically, its plan to keep us rooted in the body and the world so we will never get to the real source of pain and conflict, which is the mind's decision to sustain the separation from God, but not be held responsible for it. In the context of the ego's principles and its doctrine of specialness and separate interests, both sex and money can be seen as behavioral forms that give expression to the content of our minds. The focus in this book, therefore, is on identifying the content that gives rise to the guilt, conflict, myths, and obsession associated with sex and money. Forgiveness enables us to shift our attention from the complexity of behavior to the simplicity of purpose. Thus sex and money, which have come to express the ego's guilt-inducing thought system of one or the other, are transformed in purpose to reflect the Holy Spirit's healing principle of together, or not at all.
