hilfreich. transported me 150 years into the past while I laughed Von mwallyroof@aol.com Loved the book, understand why the author has such a big ego- He lived in an awesome time and was at the top. Historic details filled in a lot of gaps to my understanding of the mid 1800's. learned many things about the lives of people living in the Steamboat Era and was grandly entertained. laughed out loud.

Kurzbeschreibung Hard Press Classic Books Series From Library Journal As the title to this 1887 volume reveals, Devol was a riverboat gambler who made fortunes, and even if only half of his many tall stories are true, he lived a remarkable life. He begins the story at age ten when he ran away from his Ohio home to join the crew of a riverboat. There he learned not only about being a sailor but how to cheat at cards. Though it should be taken with a grain of salt, this nonetheless makes for fun reading. Copyright 1996 Reed Business Information, Inc. Kurzbeschreibung Hard Press Classic Books Series
