Mexico Middle School in Mexico, New York. I thought this book was inspirational because just like Dawn Rochelle, cancer is a part of my life. Next week I am going to undergo a Bone marrow Transplant in Boston. I love this book because it is very true to life. It makes people aware of all the stresses cancer brings to family life. The part where Rob breaks up with Darcy could be true in someones life which makes this book even more of a reality. I also think the part where Dawn Rochelle almost dies is very dramatic. I'm not going to talk about the other areas of the book because I would give it all away. I just want to tell Lurlene McDaniel to keep up the good work! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Lurlene McDaniel's books are addicting!!! Von Ein Kunde "I want to live" was the first book by Lurlene McDaniel. Actually, I ordered it by mistake on .com, and I figured, "WHY not give it a shot?" It ended up being the best book I have ever read, and once I read this book, I got addicted. With in the past 2 1/2 months, I have read 15 Lurlene McDaniel books, all of which I would give 5 stars. Some of the other books I have read are, For Till Death do us part; For better FOr worse forever; Baby Alicia is Dying; Saving Jessica; Ill Be Seeing you; Dont Die, my Love; Lifted up by angels, One last wish, Mother help me live; So Much to live for; I want to live; The girl who left death behind, and One last Wish, Please Dont Die. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Totally Realistic... Von Ein Kunde This book was so good, because you got involved. Dawn became a real person, not just a name on a page. Everything that happened in this book really could happen. It wasn't far fetched, or anything like that. If you had cancer, your friends probably would act really weird around you, and your brother's fiance might not like you because you're 'sick'. Everything is so real and sad, and that's what makes and it's sequels so wonderful

Kurzbeschreibung Fourteen-year-old Dawn Rochelle has had a busy year. She's been to summer camp and she's helped her brother make plans for his wedding. And Dawn has been in remission from the leukemia that threatened her life. Now she's sick again and waiting to hear the news. Has the cancer come back?
