Von Robert Vaughan : In Honored Glory: An Epic Saga Of The Spanish - American War (English Edition)

before purchasing it in order to gage whether or not it would be worth my time, and all praised In Honored Glory: An Epic Saga Of The Spanish - American War (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good, solid, but simple storyVon Benjamin ThomasI read a lot of historical fiction novels and so I feel qualified to classify this one as "historical-light". The novel is the very straight-forward depiction of the Spanish American War, as seen through the eyes of several central characters, including a female journalist, a recently-graduated West Pointer, and an experienced Buffalo Soldier. As in other Robert Vaughn books I've read, the story is set against a true-to-life backdrop, although the details of the historical aspects are lightweight. By that I mean we never dig down into what's happening in the war itself, the causes, the impact, the life-altering experiences that we get from other authors. We stay only on the surface. The war itself seems to be more of a picnic outing than a war. Vaughn does do a good job showing the interests and the prejudices of the press during that period.I bought this book because it dealt with a period which is often glossed over by historical fiction, with the possible exception of the Rough Riders themselves. We see them here, as well, but they don't overshadow the others. I got what I expected: a straight-forward story, with bits of romance, action, and historical references. A good read, as long as you don't expect to much.

KurzbeschreibungOn a peaceful night in Havana Harbor, the U.S.S. Maine rests at anchor. Then America's most powerful battleship suddenly explodes, and the Spanish American War has begun..."Remember the Maine" was the battle cry that sent thousands of American soldiers on the adventure of a lifetime... war with Spain in Cuba. But for the soldiers who would face a barrage of Spanish gunfire, it would be a war like none other.A novel of men and women thrust into the heart of war. This is the saga of a nation doing battle for the first time since it's own Civil War, on a hot, exotic island where glory would only be earned in blood.KurzbeschreibungOn a peaceful night in Havana Harbor, the U.S.S.
