There is a third wayVon Helpful AdviceIn Search of the Next P.O.T.U.S. by Judy Frankel tells the story about a mission that seems almost impossible to undertake provide the prerequisites for U.S. Congress to start working as it should.Judy Frankel is political activist, founder of [writeindependent.org](http://writeindependent.org) an interactive federal elections website, public speaker and person with a sense what democracy should look like. With her book and her activism in general, Frankel tries to motivate public to get money out of the politics and fight for healthy water, soil, air for freedom.Though Frankel with her book may look like a David fighting against several Goliaths at once, we all know how the Biblical story ended. She shows the ways how to combat corruption in U.S. Congress, in same time showing the path how to find the right person to be next POTUS (President of the United States) who will lead US into the better future.Frankel introduces her six-point plan for improving the U.S. government to make it more responsive to Americans and it was great thing to see that the first point of her plan (use a well-designed, interactive website to review candidates platforms, ask them questions via debates, and engage in solutions) she already almost did with her website.As she nicely said, whether you consider yourself Republican, Democrat, Libertarian, Independent, Occupier, Tea Partier, Undecided or Green my recommendation would be to read her book *In Search of the Next POTUS* that will make you think and show you there is a third way.I was given a copy of this book by the author for the purpose of unbiased review, while all the presented information is based on my impressions.

KurzbeschreibungIn Search of the Next POTUS (President of the United States) tackles the seemingly impossible task of making Congress work. In this true adventure, political activist Judy Frankel shows how to combat corruption in Congress while choosing a qualified leader for the White House. Her humorous and heartbreaking crusade to overhaul Washington from the top down navigates the pitfalls of being a David in Goliath's world. Judy illuminates today's unpublicized political landscape to reveal a six-point plan that is gaining momentum in grassroots groups across the United States. Without having to wait for Congress to get their act together, *In Search of the Next POTUS* gives voters the power to fix the U.S. government for good.Join Judy's impassioned battle to safeguard our future. Whether Republican, Democrat, Libertarian, Independent, Occupier, Tea Partier, Undecided, or Green, *In Search of the Next POTUS* should be mandatory reading before the 2016 election.Pressestimmen"This is crazy, but it just might work!" - Richard Dreyfuss, Actor and Activist "I was literally tearing up as I read the last few chapters. What a powerful vision for us to rally around!" - Jim Montgomery, Space Exploration Systems Engineer "This is a book of hope and resolution for the middle class with non-partisan ideas. In compelling story-telling style, Judy brings attention to the urgent and critical issues facing America now." - Mary Hatch, Former Campaigner for Ross Perot "A passionate, enlightening, and entertaining read. P.O.T.U.S. is hopeful. Frankel reveals an indefatigable optimism about the possibilities for sensible political change in America." - Philip Borden, Economic Development Consultant "If you're overwhelmed by the bleak political, social, environmental and financial picture our country has gotten itself into, you may have given up hope. Do yourself a favor and get this book ASAP!" - Sherie Stark, Assistant Editor, BE!
