KurzbeschreibungThis book covers the second half of Yaghans circumnavigation 2006-2009. Yaghan is a Hallberg-Rassy 62. The book about the first half " Back at the helm - sailing the Yaghan to Antarctica, Patagonia and the South Pacific" was published in May 2010. In this second book , a stand-alone sequel, we describe our sail from New Zealand at the beginning of 2008 and the period up and until our return to Sweden in the summer of 2009. Our journey takes us via Australia, across the Atlantic via Saint Helena and onwards to Brazil and the Caribbean.From there the route takes us via the Azors and home to Europe.We reflect on what it feels like to return after three years of absence and also review how different pieces of equipment have withstood a round-the-world trip. You can also follow the circumnavigation on a series of 20, ten-minutes films on Youtube. Just search for "Arne and Helene Martensson" or "Yaghan". The films have subtitles in English but in a couple of clicks you can select around 50 different languages.KurzbeschreibungThis book covers the second half of Yaghans circumnavigation 2006-2009.
