Von Svyatoslav Martynov : Innovative economy. Road map 2040 (Russian Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Innovative economy. Road map 2040 (Russian Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. SpannendVon CustomerFr Anfnger ist es sehr schwierig zu lesen, aber so fesselnd, dass ich tglich dran arbeite. ber die Inhalte kann ich noch nicht viel sagen - aber eine Definition fr "Ressource" ist schon die Mhe wert, die Worte

nachzuschlagen.

Kurzbeschreibung This relatively small work came to life thanks to the efforts of two of University of Stockholm professors. They have written an unusual book about the intellectual resources and opportunities which they create for the benefit of civilization. After reading "Funky Business" by Kjell A. Nordström and Jonas Ridderstråle, the author decided to go a little further, and write a paper about the tools to change the world - about the resource as a whole.
