Good to read, interesting insight stories and with some new informations. What bothers me was the monologue style at the beginning

of each chapter or sub-chapter, in which the author just recites the potential train of thoughts of either players or refs. That is mere speculations and way too long and useless and seems to be a gap-filler. Apart from that I would recommend that book to everyone that is interested or involved in "Glasweegien Fitba". 0 von 0 Kunden fanden die folgende Rezension hilfreich. Habe ich verschenkt... Von Gamer7 Dieses Buch war ein Geschenk. Es ist aber super angekommen und soll ein "must - have" für jeden Fußballinteressierten sein.

Kurzbeschreibung Since 1888, Rangers and Celtic football clubs have been locked into an intense and frequently explosive rivalry: Rangers the product of West Scotland's Protestant establishment, Celtic the team founded to raise money for the Catholic underclass of Glasgow. On 2 January 2010 the two teams met in the Old Firm's New Year Derby, a fixture that had been banned for ten years because of the trouble it brought with it. Richard Wilson puts that game at the centre of a book which delves into the history and widens out to the cultural resonance of the fixture within Scotland. It is a potent mix of close-up observation and big-picture thinking, with insight, understanding and depth. Fully updated to cover the latest Old Firm stories, including Rangers' dramatic collapse into administration.

Pressestimmen An insightful and wonderfully written account ... Richard Wilson, more than anyone in recent years, has told us why Celtic and Rangers matter and why their adherents have little of which to be ashamed and much of which to be proud. I salute him * Observer * A measured and thought-provoking treatise on the legendary rivalry between Scotland's two most popular football clubs * Scotland on Sunday * It is an intensity that has frequently scarred Old Firm collisions with the violent and the reprehensible. But the Rangers-Celtic rivalry is so deep in the bones of so many Scots that - amid a football culture transformed beyond recognition by the wholesale importation of foreign players - it effortlessly remains a focus of mass emotion. -- Hugh McIlvanney There were times when we might as well have played the first 20 minutes without a ball. The match would commence and the fans would hardly notice. -- Sir Alex Ferguson, former Rangers player I'd heard a lot about the Old Firm game over the years and of the rivalry that exists between the Celtic and Rangers supporters, but it's only when you live in the city and see it up close that the true extent of the bigotry and hatred hits home. The fans were frothing at the mouth and at each other's throats right through the warm-up. When we marched out to kick off, it REALLY got intense. -- Tony Cascarino, former Celtic player
