KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Great bookVon A. ScholzIf you want to have a very detailed book about Tampa and the surroundings I would recommend you this book. Since I'm moving to the area it gives my insight knowledge about things to do, the history, topography and others on buildings, region etc. Unfortunately no pictures can be found - one could compare it with 'Let's go USA' but only for the Greater Tampa area.Great book!Wenn man des englischen mächtig ist ist dieses Buch nur zu empfehlen, wenn man detailliertes Wissen über die Geschichte und generelle Dinge die man machen kann, wo man übernachten sollte, wo was essen möchte etc. Allerdings wird man ausser Karten material keine Bilder finden. Man könnte es mit einer detaillierten Ausgabe von 'Let's go USA' vergleichen...Tolles Buch
