Illustrations and simple text guide anyone into palm reading.Von Ein KundeI'm an avid reader of palmistry text, and this book is very simple for anyone who is slightly interested in palmistry and knowing his or her personality and future. She also gives a point out or two for people who want to do palm reading as a profession. The insight this book gives is incredible because I've found it to be truthful when I've analyzed my own palm, and others. If you are

skeptical, this book might just win you over. If not, oh well, it's still fun and entertaining!

Kurzbeschreibung Etched upon your palm is an aerial view of all the scenes you will travel in the course of your lifetime. Your characteristics, skills, and abilities are imprinted in your mind and transferred as images onto your hand. Now, with this simple, flip-through pictorial guide, you can assemble your own personal palm reading like a professional, and almost instantly. Explore how your hands contain the picture of the real you physically, emotionally, and mentally..de This conveniently organized guide to the world of palmistry will have you reading palms in minutes. A certain skepticism for a book with the word "instant" in the title is understandable, but in this case, the nomenclature is accurate. From the moment you open the book, you'll be reading palms. Designed like a travel guide book, the Instant Palm Reader starts you off by exploring your own palm: simply turn the pages with your left hand and compare your right palm with the illustrations in the book. It couldn't be easier. This straightforward approach is a boon for the beginner, but the commonly accepted methods of interpretation can be applied to anyone's hands and are suited for more advanced exploration. If you've been looking for a primer on palmistry, try the Instant Palm Reader.
