Enttäuschend! Von Fremo Psy Ich möchte bislang die Integrated Korean-Bücher, die zwar nicht gut, aber immerhin akzeptabel und relativ konkurrenzlos schienen. Jedoch scheint das Niveau mit jedem Level hinunterzugehen, und vorliegendes Buch finde ich eine Frechheit. Einzig die "Usage"-Teile sind hilfreich und recht umfangreich. Ansonsten gelten folgende Gründe/Misstände: aber: - KEINE Grammatiktabellen mehr - eine sehr UNVOLLSTÄNDIGE Vokabelliste - neue Wörter und Grammatiken, die im Text verwendet, jedoch erst frühestens im darauffolgenden Kapitel behandelt werden, wenn überhaupt. Bedeutet u.a., dass man die Vorgängerbücher (v.a. Beginning 1) ständig zum eventuellen Nachschlagen bei sich haben muss. Daher ist das Arbeiten mit diesem Buch leider eine ziemliche Enttäuschung; umso mehr, da es sich um eine revidierte, zweite Auflage handelt! Hier wurde schlampig gearbeitet. Ich muss auch einer Vorrednerin (Rezension eines anderen Level-Buches) widersprechen: dass die Bücher an Universitäten benutzt werden, ist - leider - KEIN Garant für ihre Qualität. Zum Workbook: wie vorher sind einige Übungen zu banal, andere recht statisch. Zum Audio: billige Qualität. (U.a. ist der englische Kommentar - der in recht gebrochenem Englisch daherkommt - lauter als der koreanische Hauptteil. Dazu ständiges Hintergrundrauschen/-geräusche). Das werden die letzten Bücher der Reihe sein, die ich mir gekauft habe. Man verdient mehr für sein Geld als das hier Dargebotene. Tipp: Vor nicht allzu langem bin ich auf ein anderes Koreanisch-Buch-Reihe gestoßen (ebenfalls auf Englisch), die mir weitaus hochwertiger erscheint. Nicht ganz so leicht hier zu finden, aber möglich: Ganada Korean for Foreigners. Empfehlung!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Like it Von Ka Rin I bought both Integrated Korean: Beginning 1 and 2 and liked both. The books are perfect for beginners as they contain several dialogues and grammar explanations. For me they served as an additional source of vocab as I study Korean at University where I work with different books. Generally, these are one of the best books for beginners which I've seen so far.

Kurzbeschreibung Please note that this Kindle edition has been specifically optimized for the Kindle app for iOS, Android, Windows/Mac and Kindle Fire and the Kindle Cloud Reader. Not all Kindle devices will render the Korean characters in this textbook properly. Also, please note that not all devices will let you switch to Korean keyboard (in order to fill in the exercises). This Kindle edition includes links to audio files online. The audio files may also be downloaded on the web in MP3 format at <http://www.kleartextbook.com>. This is a thoroughly revised edition of Integrated Korean: Intermediate 2, the fourth volume of the best-selling series developed collaboratively by leading classroom teachers and linguists of Korean. All the series volumes have been developed in accordance with performance-based principles and methodology contextualization, learner-centeredness, use of authentic materials, usage-orientedness, balance between skill getting and skill using, and integration of speaking, listening, reading, writing, and culture. Grammar points are systematically introduced in simple but adequate explanations and abundant examples and exercises. Each situation/topic-based lesson of the main texts consists of model dialogues, narration, new words and expressions, vocabulary notes, culture, grammar, usage, and English translation of dialogues. In response to comments from hundreds of students and instructors of the first edition, this new edition features a more attractive two-color design with all new photos and drawings and additional exercises that focus on vocabulary and grammar. Lessons are now organized into two main sections, each containing a conversational text (with its own vocabulary list) and a reading passage. The accompanying workbook, newly written, provides students with extensive skill-using activities based on the skills learned in the main text.
