**Von Echo Heron : INTENSIVE CARE (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised INTENSIVE CARE (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The real story of nursingVon Ein KundeThis book is excellent. I happened across it in Barnes Noble and decided to get it along with Critical Care Nurse. It brought back such fresh memories of nursing school. The stories in here to some may sound made up, but believe me it is the real world. I don't think I have ever laughed so hard while reading a book and I couldn't put it down until the end. You just don't understand it unless you're a nurse but all will enjoy the laughter and

heartache of hospital work. The only thing I didn't like was the strong language. She could have toned it down a bit. Otherwise, a must read for all nurses. I look forward to reading the rest of her work.0 von 0 Kunden fanden die folgende Rezension hilfreich. A must read for any nurse, new or old, student or teacher!Von Ein KundeThis book had me re-experiencing all those feelings a student nurse goes through as she begins her career! I found myself saying more often than not..."Hey, I did that!" or "Yeah, I know just how you mean!" Her beginning as a student, rocky, frightened, and her adventures through the ER sound so familiar. The voice of her story has you turning page after page, longing for more. It was refreshing to see nursing placed in so honest a light...sometimes harsh, sometimes soft, but always true!0 von 0 Kunden fanden die folgende Rezension hilfreich. A story that rings true even more today than in 1987.Von Ein KundeA very believable story about experiences in an emergency room and in a critical care area. Her descriptions of patients,co workers and physicians is absolutely correct and truthfull.Her amount of humor is necessary to survive that harsh environment,but there is also space for a tear or two.Very well written by a colleague of mine whom I don't know personally,but have gotten to know quite well through her gripping story.I highly recommend her book to all who want to enter the nursing career.

KurzbeschreibungA Simon Schuster eBook. True Medicine.KurzbeschreibungA Simon Schuster eBook. True Medicine.Synopsis A personal account of a nurse's life and her 10 years of working in the intensive care unit and emergency room of a major hospital. The book spans her fainting as she administers her first injection to her mature, even cynical outlook as she eases the last dying hours of a cancer victim.
