KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book!Von GinoI can strongly recommend this book. I have been living in Austria for a few years and still struggle to grasp german completely. I have taken several german courses and have read many books. Sometimes german grammar books can be a little overwhelming. This reference book is perfectly constructed and contains the minimum necessary grammar for a german student at the beginner to intermediate level. The author does an amazing job of making sense of this difficult language. I am particularly impressed and thankful for his direct english translations of

phrases throughout the book.
