A glimpse in to IslamVon Ein KundeHaving just spent 7 months in the Middle East, and planning on returning soon, I have been trying to become familiar with the beliefs and customs of the Arab people. Teach yourself Islam is an excellent resource to scratching the surface of the beliefs and customs in this part of the world. It is written in straight forward language and is organized well, so as to make looking up one particular topic easy.0 von 0 Kunden fanden die folgende Rezension hilfreich. Good book for all people.....Von AngelaThis is a wonderful book for those looking to learn about Islam and for all Muslims who already know about Islam. It gives basic info on the religion but also helps

clarify that middle eastern cultures are not good representations of the religion. This book is a great buy and definitely worth one's hard earned cash.
