KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Jack is backVon OlafJack is back on his quest to become rich, what ever it takes.This is the fifth volume of the "Jack of Fables" story and either you have a very good memory or you should have the other four volumes handy, as well.With the ever increasing number of characters and side-characters entering the story, stories which have nothing to do with

the main story and a very distracting, hilarious blue bull, it is otherwise possible to get lost at the occasional turn or twist, of the story. It is purely Jack again. If you read the first four volumes you know what to expect, if not read the first four volumes first and don't forget to have a good look at the "Fables" series, as Jack is just a spin off of it. Although Jack will say that he is the very first character shown in Fables volume one and that the "Fables" series is just a left over, while "Jack of Fables" is the main story.
