Von Carol Akiyama, Nobuo Akiyama : Japanese Grammar (Barron's Grammar Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Japanese Grammar (Barron's Grammar Series):

KundenrezensionenHilfreichste Kundenrezensionen13 von 13 Kunden fanden die folgende Rezension hilfreich. Beginners onlyVon John RaynerThis book provides a good introduction to Japanese grammar for the beginner and there are plenty of usage examples. However, due to its small size some points are not explained in enough detail and

in other areas you are expected to understand the grammar points through examples alone. I would not recommend this to intermediate or advanced level students, but for the beginner it provides a very good starting point due to its clear layout and uncomplicated explanations. 1 von 1 Kunden fanden die folgende Rezension hilfreich. really very helpful!
