InsightfulVon Parka[[VIDEOID:mo13ZOEZ26678OV]]This book is a collection of tips and insights on creating fantasy art, with material covering the course of his career. There are no step-by-step tutorials so you won't see how he actually paints. That's the only thing lacking in this book that would make it perfect.Instead, each chapter is filled with his past work and sketches with commentary on how they were created. The lessons are mainly on a conceptual level rather than at a technical level, like mixing colours or how to draw. He talks about his inspiration, research process, working style and includes lots of information on things to look out for when painting certain subjects, like characters, scenery, armour, etc.Towards the back, he shares some career related tips on how to tackle commissions, promoting yourself, and working on set design for the big screen.This should be an inspiring book for fantasy artist.(There are more pictures of the book on my blog. Von Schoenfeld  
Das englischsprachige Buch ist überwiegend farbig illustriert und bietet eine reiche Auswahl an Anregungen. In den ersten Kapiteln finden sich zwar Hinweise über die verwendeten Materialien und die Gestaltung des Arbeitsplatzes, doch ist davon auszugehen, dass der kundige Leser darüber schon etwas weiß bzw. wie ich sich eher digital orientiert. Insofern gibt es von mir einen Punktabzug, da nicht genau ersichtlich ist, dass es eher um herkömmliche Zeichentechniken geht, die nicht ohne weiteres auf den PC übertragbar sind. Insgesamt eine weitere gute Selbstdarstellung des ohne Zweifel hervorragenden Künstlers Howe, ähnlich wie "Myth and Magic, The Art of John Howe" (siehe dort).
