Interesting introduction to Ruskin and his workVon Ein KundeThis is an ideal introduction to the life and work of John Ruskin. It's clear and readable but has lots of facts. My only criticism is that it doesn't give as much of a

psychological insight into Ruskin as I would have liked. I was left wondering what kind of person Ruskin really was. Still, I do recommend it - and it is reasonably priced too.

Kurzbeschreibung John Ruskin was one of the greatest Victorian critics of art and society, but he was also preoccupied with politics, economics and education. This pocket-sized biography explores his influence on his own age and ours, examining his work, his relationships and his creative life.
