This book makes Advent alive for the modern child -Von pxe@tiac.netJotham's Journey - It is a day by day advent story of ancient Israel of a small 10 year old boy - filled with adventure and thoughtful commentary - drawing on history and psalms and old testament stories and Qumran and the star to weave a fiction that has my children mesmerized and begging for more -we read the designated section each night by candle light - the advent candles and their own candle - they then go to bed by candle light entranced... and immersed in the season...this is pure fiction - but so perfect for drawing in the 20th century modern kid - please try to find it and read it with your kids - it is so wonderful!0 von 0 Kunden fanden die folgende Rezension hilfreich. Fabulous book!Von Ein KundeReading Jotham's Journey together was by far one of the best Christmas season experiences our family has ever shared. The story is exciting, suspenseful as well as Christ-centered. It's been three years since we first read the story together and are still searching for something to match it. I highly recommend this book!0 von 0 Kunden fanden die folgende Rezension hilfreich. A Real WinnerVon Ein KundeMy 7 year old and 13 year old boys both looked forward to reading this book

at night, and frequently begged me to "read ahead." It is an action packed adventure story especially appealing to boys--I will definitely recommend it to families I know.
