Nicely touches several issues our children are facing!Von sylkybee@aol.comMax is snaughty young boy who really doesn't know who he is, and this is the quiet essence of the entire book. Max's journey leads him not only to the truth of an 800 number, but the truth about himself. I was surprised at some of the content of this book and seriously considered not suggesting it for my ten year old daughter's book club. After a day of ponderance, I realized that my child and her

friends are fully aware of issues like these of the characters in the book and talk about them on a regular basis. I am going to suggest it, without upsetting the other moms hopefully, and look forward to their discussion of this well done title. I hope to see a sequel where Max and his "dad" become closer. I would like to learn about how he finds his maternal grandparents and whether he can bridge the gap between them and his mom. My daughter is adopted, so Max finding his birth dad would be interesting also. Get to the computer Konigsburg!!!0 von 0 Kunden fanden die folgende Rezension hilfreich. Wow! Neat Book with Excellent Theme!Von Ein KundeI loved the book Journey to an 800 Number! It was a very fun read. The author provided an eccentric cast of characters from a camel keeper to a taco seller. The characters made the story fun, and captivated my attention. Also, the theme was great, and makes one ponder and think after finishing the book. I love how the authour tied in the theme with the "800 Number" part. This book is defintitly a page turner and kept me at the edge of my seat throughout this fast-paced book. Also, the author's writing stlye is very interesting, presenting text in a wonderful and new manner. I loved the settings in this book because in several parts I felt I was actually there. I loved this book and I'm sure everyone who reads it will love it!0 von 0 Kunden fanden die folgende Rezension hilfreich. It is full of humor but also contains some very truthful, thought-provoking messages in it. I Highly Recommend it for anybody who wants a fun, easy read.
