Plus Anne Martin never abbreviated words, It was always, "I do not want to" instead of "I don't want to" or something like that. It got so

boring i couldnt even finish it. For those of you who want to read a GOOD book you should read Animorphs. The author of them knows how to write a good story and knows how to abbreviate.0 von 0 Kunden fanden die folgende Rezension hilfreich. Karen gets a big surprise!Von Ein KundeThis book was so funny! Karen played a lot of really funny jokes on people. I liked the joke she tried to play on her family, but then the joke didn't work.I laughed a lot.

She is going to play tricks on all her friends with her squirting camera and plastic cockroach. She should be able to fool everyone at school. But she doesn't want to end it there, she wants to pull the biggest joke ever at home.
