It bothers me that a second grader would go to such extreme mesures over a dead goldfish. It doesn't set a good example for kids. The book is kind of saying that it is normal to go into mourning over a goldfish, and parhabs a real second grader would do so. It's not right. The book however does illustrate that it is alright to feel sad, but it is not normal to arrange a school-

wide funeral.0 von 0 Kunden fanden die folgende Rezension hilfreich. A Goldfish bothers Karen!Von Ein KundeThis book was good. The witch was so kind to Karen.I recommend this book.I felt so sad for Karen and Crystal Light but I am glad that in the next book she got a new goldfish named Crystal Light the second.At first I was so happy when Karen got a new Goldfish, then I became so sad when it died.I have given this book 4 stars.I recommend this book for Animal lovers.0 von 0 Kunden fanden die folgende Rezension hilfreich. kind of stupidVon Ein KundeI think that this book was boring, and a bit stupid. Who would be so upset about a goldfish? I wasn't that obsessed about my goldfish when i was in second grade, and who would have a whole funeral for a fish?
