Kurzweilig Von MoDie Zombieapocalypse aus der Sicht eines kleinen Mdchens zu erfahren via Tagebucheintrge, ist interessant. Ich wrde dem nchsten Teil eine Chance geben und gucken ob es etwas fesselnder wird. Durch die

Tagebucheinträge ist man als Leser halt sehr distanziert und deshalb bin ich nicht so richtig reingekommen in die Geschichte...0 von 0 Kunden fanden die folgende Rezension hilfreich. Poor GalVon Evanesence1975 Kelly's Diary is a great story about a girl who tries to get home from school after a Zombie virus broke out. The diary entries sound as authentically as they would if a real girl wrote them, so kudos for that.

Kurzbeschreibung "Surrealistic and haunting, this story gets under the skin like a virulent infection... Jenner's slightly twisted yet subtle narrative as seen through Kellie's innocent eyes is compelling..." - George Wier, Mystery Author**As of January 1, 2015 - This book now also includes a plain-text version. This is the first book of the Kellie's Diary series, and it is entirely from the viewpoint of a little girl writing to her diary. You meet Kellie, a bright and inquisitive 9-year-old living the typical suburban life with her family. She goes to school, complains about lunch, and thinks boys are gross. She also writes daily entries into her diary, whom she calls "Barbie." However, her world is turned upside down when a strange illness takes over the city; during a massive outbreak, Kellie finds herself completely alone and stranded at school. She must find her way out and figure out how to get home, braving the dangers of the "monsters" that have taken over... all the while telling "Barbie" what is going on and what she's thinking. Great for fans of zombie fiction and "The Walking Dead"!
