LesenSteven Wilbers ist ein kluger Kopf, der viel zu Klarheit und Stil zu sagen hat. Und was er sagt, ist auch in anderen Sprachen anwendbar, nicht nur in Englisch. Allerdings hat er 90% des Stoffs von diesem Buch besser und prgananter in MASTERING THE CRAFT OF WRITING aufbereitet. MASTERING ist als wchentlicher Kurs organisiert, den man im Laufe eines Jahres absolvieren kann, aber durch die bersichtlichen Kapitel

taugt der Band auch als Referenz. Fr MASTERING THE CRAFT OF WRITING wrde ich fnf Sterne geben.1 von 1 Kunden fanden die folgende Rezension hilfreich. It improves your writing while you're reading this bookVon vilanaft wasn't the first book that I've read on writing-skills. But the first one that improved my writing while I was reading it. It's well structured and gives practical hints and examples. After "Elements of Style" this book should become one of the classic books that a researcher should read.Someone suggested it to me and I would suggest it to anyone else who wants to learn about writing well and can spare time to practice the tips the book is giving.
