Von Lis Sowerbutts : Kindle Nonfiction Formatting Guide: Solve Your Nonfiction eBook Formatting Problems (How To Format Your Book For Kindle) (English Edition)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kindle Nonfiction Formatting Guide: Solve Your Nonfiction eBook Formatting Problems (How To Format Your Book For Kindle) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A good read for beginnersVon -KundeI bought this e-book because I write non-fiction books and intend to convert my books to kindle books in the next months. There are not many books of this kind for non-fiction writers it is actually the only one I found. The book is an easy read and the concept Lis Sowerbutts presents is a viable way to produce quality kindle books. It is a book for beginners. You need to have just a little bit HTML and no CSS knowledge. Although I probably don't follow Liss concept entirely, the book gave good ideas, also to use other tools. I probably try an HTML Editor (MS Expression Web) and Sigil, also because I want to use advanced techniques like CSS and would like to have more control over the result. I can recommend this book for beginners in the non-fiction area.

KurzbeschreibungWant to make sure that your book is the highest quality as possible? You've written a great book, paid for editing and an awesome cover. But is your formatting letting you down?
