**Von Bram Stoker : The Jewel of Seven Stars (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Jewel of Seven Stars (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Beware the ending may have been tampered with. Von Bernie An archeologist discovers the tomb of the Egyptian queen Tera. Looks like she left instructions on how to revive her. We speculate as to if he should or would follow the instructions. It is in a first-person narrative which leads you to think he survives to tell the story. Sneaky people I went for the "free"

Kindle version of this story and everything was great and even though I could guess the ending (especially after watching Blood From the Mummy's Tomb") I was disappointed to find why it was free the 1912 ending was sweetness and light vs. the 1903 original; Chapter XVI "Powers - Old and New" was removed and the book was given a happier ending. If you can overlook this then free is o.k. but it should have had a disclaimer. Found the real ending in "bramstoker.org". Still a tad curt. If you did not know that this was written by Bram Stoker you could almost guess it was Sax Rohmer. Why such a high rating? Because I found the telling of the story intriguing and it allows you to speculate. 0 von 0 Kunden fanden die folgende Rezension hilfreich. schwer zu lesen Von Customer Ich bin auf dieses Buch durch die Hrspielreihen Gruselkabinett gestoßen. Ich finde das Stoker schon schreibt aber ich tu mich schon mit Kurzgeschichten, na ja sagen wir, nicht leicht, und das ist ja schon eher ein Buch da ist es noch schwieriger. Aber trotzdem gut gemacht

During his lifetime, he was better known as personal assistant of actor Henry Irving and business manager of the Lyceum Theatre in London, which Irving owned. Before writing Dracula, he met rmin Vmbry who was a Hungarian writer and traveler. Dracula likely emerged from Vmbry's dark stories of the Carpathian mountains. He then spent several years researching European folklore and mythological stories of vampires. After suffering a number of strokes, he died at No. 26 St George's Square on 20 April 1912. The original 541-page manuscript of Dracula, believed to have been lost, was found in a barn in northwestern Pennsylvania in the early 1980s. It included the typed manuscript with many corrections, and handwritten on the title page was "THE UN-DEAD." The author's name was shown at the bottom as Bram Stoker. The manuscript was purchased by Microsoft co-founder Paul Allen.
