Beatrix Potter kept a secret diary written in code. When the code was cracked by Leslie Linder more than 20 years after her death, the diary revealed a remarkable picture of upper middle-class life in late Victorian Britain. Synopsis This lavish, illustrated journal describes Beatrix Potter's life as a young woman in Victorian Britain as she struggles to achieve independence and to find artistic success and romantic love. Using witty, observant commentary taken from Beatrix's own diaries, the journal moves from London to Scotland to the Lake District, and features a wealth of watercolour paintings, sketches, photographs, letters, paper-engineered items and period memorabilia to recreate a world where nature and imagination are brilliantly combined.
