Von Rudyard Kipling, Laura Driscoll : The Jungle Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Jungle Book:

KurzbeschreibungMowglis story comes to life in this classic retelling of Rudyard Kiplings The Jungle Book, featuring beautiful, vibrant illustrations by Migy Blanco.Mowgli loves living in the jungle with his wolf family and his friends Baloo the bear and Bagheera the panther. Hes been learning the ways of the jungle ever since he was a little boy. But when the tiger Shere Khan tries to turn the pack against Mowgli, making him feel unwelcome, Mowgli realizes he may not belong here after all. But what will happen when its time for the boy to leave the wolf pack that raised him to go live with his people?.comP. Craig Russell is well on his way to being the premiere emissary of classic literary gems to the world of comics. His Arabian Nights collaboration with Neil Gaiman in The Sandman #50, comics versions of Mozart's Magic Flute, and his continuing adaptations of Oscar Wilde's fairy tales all stand as testament to his amazing graphic and narrative sensibilities. His treatment of the last three chapters of Kipling's Jungle Book ("The King's Ankus," "Red Dog," and "The Spring Running") will inspire both Kipling enthusiasts and lovers of fine illustration. Russell's composition is amazing: he has the ability to create harmony in a single page while each panel sings its melody. This collection also features enhanced colors, either reshot or re-separated, and the results are a treat. From
