KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. very refreshing with an unexpected twistVon CustomerI bought this book because of my friends recommendation and I must say I enjoyed it a lot. It is an easy read, funny and full of life. I like those unexpected twists in the story and the touch of political issues as well. Nicely written and very entertaining!

Kurzbeschreibung Travis has had it with his uneventful life and his dog, Dash, making it worse by tormenting and embarrassing him daily. He thinks he can cope with his situation until Dash makes a mess of things when Travis finally gets the chance to take Stephanie Bilsons phone number. Thus, after persistent suggestions by his best friend, Travis decides having Dash neutered would be the best solution. However on the day he decides to put his plans into action, Dash gives Travis a bite that enhances his natural abilities and changes his life as he knows it. Soon after, Travis discovers Stephanie is not what she claims to be and this discovery sends Travis and Dash down a path of danger, deception, and revenge in order to save a nation from an organisation whose influence knows no bounds.
