Von Aankh Benu : The Key to Eden (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Key to Eden (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Blessed be Thy..... Von Whulley This book is a perl as it is condensing a lot of important wisdom using language of the layman. However, after reading the book, you will not be automatically in heaven as you have to live the truth, which you extract from this book.the truth will set you free..... Interestingly, the author got the same idea as me some many years back, namely that as more Christianity "progressed" in form of various churches, mainly of lutheranian types (....you will be redeemed only by grace and the blood of Jesus Christ,,,) as more it went away from the real truth. What a differnce to the approches of our blessed mystics: 1. Imago Dei 2. Imitatio Dei 3. Christ resurrecting as YOU SELF.

Through following the instructions given in the book, the reader will be guided through a step by step process of initiation, that will lead to the realization of our innate potential, and a life of greater joy and fulfillment. This book is a gift of wisdom, healing, and power meant to be shared with the world. Quotes from The Key to Eden: When you are really living, you are dancing. Sometimes the dance is slow, sometimes it is fast, and sometimes it is moderate. Life is full of different types of situations, and our biggest challenge is to learn how to harmonize with them. Sometimes life calls for aggression, sometimes it calls receptivity. Sometimes life will ask you to lead, other times it will ask you to follow. We must learn to hear the rhythm and see the steps so we can walk in joy. When we accomplish this we will step out joyfully to meet life, our beautiful dance partner. ~ The Key to Eden~ Aankh Benu Understand that every situation in life provides a key for you to unlock the Divine Mysteries hidden within. Also every situation is like a song played in a specific key. Imagine trying to unlock a door with a key that does not fit, or singing off key, or dancing off beat. This is what life is like when we are not able to harmonize joyfully with its rhythm. When we are off beat in life we begin to clash with it, we begin to compete with it; we enter into survivor mode. This automatically locks us out of creative thinking and reason, depletes our vitality, and like a ship going against the flow of the sea, sooner or later we will wreck ~ The Key to Eden~ Aankh Benu Negative memories are the real ghost and demons that haunt, and destroy lives. These demons dont require any super powers or hocus pocus to cause destruction, our attention is enough. ~The Key to Eden~ Aankh Benu Who made it a law that we need an intermediary to get to the Creator? This is an absolute fallacy. There is no one closer to the Divine than we are right now. Infact, we are so close that we are almost inseparable from God. If we could get any closer we would become totally absorbed in Divinity, and the only thing preventing this from occurring is our own ideas of separateness. ~The Key to Eden~ Aankh Benu Kurzbeschreibung Within this book is a key to unlock the spiritual and psychological chains, and opens the way to a greater understanding of the scriptures, ourselves, and our direct connection with the Ultimate Reality we call God.
