recommend this book enough to all of the parents I know. After reading "The Key to your child's heart", my parenting techniques were quickly and definitely being improved and empowered. My children began to respond to me in a much more positive fashion 'cause they knew my heart was in the right place. In summary, a parent's ultimate goal is to work themselves out of a job by raising self-sufficient, confident and independent young adults! Thanks Mr. Smalley! 0 von 0 Kunden fanden die folgende Rezension hilfreich. This book is for people who choose to spank their kids. Von Ein Kunde If you believe that hitting your children is an appropriate method of discipline then this is the book for you. If not pass on "The Key to Your Child's Heart". The author states that the "paddle" used to spank his kids was decorated by the entire family! The book is also filled with references to Jesus Christ and God, which may be a problem if you are not a religious person. 0 von 0 Kunden fanden die folgende Rezension hilfreich. pass on it. Von Ein Kunde The book is not w/o some good points, but the descriptions of cruel discipline with religious overtones, in the James Dobson tradition, vitiate against any positive value the book may have. It is also much too anecdotal in nature, and its parenting prescriptions do not take into account the fact that a child may have special needs or undiagnosed mental health problems.
