Von Iris Johansen : The Killing Game (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Killing Game (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great Book!Von Nicole Reads -a LotI loved The Face of Deception, just as I love The Killing Game! It was so interesting that I could not put it down! Actually, I was quite disappointed that it was finished. I really admire and respect the characters of Eve Duncan and Joe Quinn. I don't know if Ms. Johansen has any more installments planned, but if she

does, you can bet that I'll be among the first to get it!!!!0 von 0 Kunden fanden die folgende Rezension hilfreich. This book was really good!Von Nose in a BookAlthough I did not read the first book to this sequel, I really enjoyed this book. I felt sorry for Eve. She was trying to be strong and ended up winning in the end. I am not a fan of murder/romance books, but this one was a winner!0 von 0 Kunden fanden die folgende Rezension hilfreich. superb serial killer taleVon Ein KundeTen years ago the state executed serial killer Frasier for murdering twelve children. Frasier never disclosed the burial sites of his victims. This left most of the parents struggling to find any solace for themselves even with his death. One of the mothers, Eve Duncan becomes a forensic sculptor, a person who recreates a face from a skull, in her personal effort to attain closure. She assists authorities with their investigations and helps grieving families. On a more personal note, Eve daily prays that one day she finds her own daughter's skeleton so she can bring her child home.Atlanta police detective Joe Quinn learns that among a mass grave site near Talledega Falls is the skeletal remains of a child. Joe deeply cares for Eve, making her ten-year old obsession his quest too. He adds Eve onto the case, not realizing that his action attracts her to a serial killer, who has hunted human prey for decades. This inhuman shark sees Eve as an exciting opponent to taunt with information about her daughter before he kills her. Eve takes up the challenge. She plans to end this predator's long running game.Fans hold Iris Johansen in high esteem because of her powerful thrillers that intrigue readers because they provide several viewpoints that smoothly blend into an exciting story line. Her current novel, THE KILLING GAME, unfolds from the varying perspectives of the heroine, the detective who loves her, and the mass murderer. Each one's interpretation of events feels genuine as their motives and personal baggage come to the forefront, adding a human touch to the action. Ms. Johansen freshens up a sub-genre that has been over-killed by too many identical story lines.Harriet Klausner

KurzbeschreibungA merciless killer on the hunt . . . An innocent child in his sights . . . A woman driven to the edge to stop him . . . The killer knows Eve Duncan all too well. He knows the pain she feels for her murdered daughter, Bonnie, whose body has never been found. He knows that as one of the nation's top forensic sculptors she'll insist on identifying the nine skeletons unearthed on a bluff near Georgia's Talladega Falls. He knows she won't be able to resist the temptation of believing that one of those skeletons might be her daughter's. But that is only the beginning of the killer's sadistic game. He wants Eve one on one, and he'll use his ace in the hole to make sure she complies. And he won't stop playing until he claims the prize he wants most: Eve's life..deEve Duncan returns as the popular heroine of Iris Johansen's latest suspense thriller, The Killing Game. After the murder of her daughter Bonnie and years of work as a forensic sculptor, Eve had hoped to find some solace in semi-retirement. But when her friend Joe Quinn informs her of the unearthing of multiple bodies, including those of children, Eve cannot resist getting caught up. Those bones may be Bonnie's, and somewhere out there is a dangerous serial murderer. With Joe's loyal help, Eve grimly sets out to find a killer. Determined to remain objective, Eve begins to reconstruct the face of one of the victims. But the killer wants her to become involved, and manipulates Eve's life like a puppeteer. Terrified of the killer but spurred on by her memories of Bonnie, Eve takes a gamble with her life. She will do whatever the murderer demands: she will be the bait, betting her life for the chance to save others. As a great suspense novel should, The Killing Game keeps the action and the plot twists coming. Eve's job as a forensic sculptor is the perfect profession for a suspense heroine: she has official access to technical information and the emotional flexibility to react to the drama. Eve's grieving over the loss of Bonnie--and over her romantic complications--helps keep the story complex and appealing. Turn on all of the lights and keep the phone nearby--you won't want to be alone in the dark while reading this one. --Nancy R.E. O'Brien.comEve Duncan returns as the popular heroine of Iris Johansen's latest suspense thriller, The Killing Game.
