Von Peter Hathaway Capstick : The Last Ivory Hunter: The Saga of Wally Johnson before purchasing it in order to gage whether or not it would be worth my time, and all praised The Last Ivory Hunter: The Saga of Wally Johnson:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. This book is a must.Von Ein KundeFor anyone who has read this book,I knew Wally Johnson, from when I was a child. My father {mentioned in the book}, Ken Fubbs, hunted with Wally for many years. I really enjoyed this book, as it brought back many personal experiences, and memories, shared with Wally. I am also fortunate enough to have one of

the few autographed copies of this book. Should anyone like to read another book very similar to this one, about Werner Von Alvesleben, the man in charge of the whole set up in Mozambique, this book is also available.0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent real life White Hunter adventure! Von Ein Kunde Wally Johnson started hunting elephants for their ivory as a very young man and continued the business all his life until forced into retirement by the Communists taking over his country and home. His many adventures are detailed in a most entertaining way by Capstick. If you want to experience the thrill and agony of life and death in old Africa --- this is a must read0 von 0 Kunden fanden die folgende Rezension hilfreich. Old Africa Von Ein Kunde This is a book that takes the reader back to the Africa of old.. This is the Africa of the great white hunter. Capstick tells the story of the last of the great hunters, Wally Johnson a man's man. This is one of the best of the entire Capstick collection. A book that is a must read for anyone who loves Africa

Kurzbeschreibung A chance meeting around a safari campfire on the banks of the Mupamadazi River leads to the grand tale of African adventure by Peter Capstick, the foremost hunting author of our time. Wally Johnson spent half a century in Mozambique hunting white gold--ivory. Most men died at this hazardous trade. He's the last one able to tell his story. In hours of conversations by mopane fired in the African bush, Wally described his career--how he survived the massive bite of a Gaboon viper, buffalo gorings, floods, disease, and most dangerous of all, gold fever. He bluffed down 200 armed poachers almost single-handedly, and survived rocket attacks from communist revolutionaries during Mozambique's plunge into chaos in 1975. In Botswana, at age 63, Wally continued his career. Though the great tuskers have largely gone and most of Wally's colleagues are dead, Wally has survived. His words are rugged testimony to an Africa that is now a distant dream. Pressestimmen "Capstick and Johnson are splendid raconteurs, vividly recalling a vanished era." --"Publishers Weekly" Capstick and Johnson are splendid raconteurs, vividly recalling a vanished era.
