Leopard's Call by Reginald ShiresVon Cynthia SadowskiAs I read "The Leopard's Call", I was pleasantly engaged in
the rich colors and texture of the landscape, the taste of the food and the ever present natural tranquility. I was very

moved and inspired by the sense of adventure that enabled this young family to take on an ambitious challenge with courage and spiritual grace. When the author writes about his wife and children, one can feel the depth of their mutual respect and support for each other. Their experiences reflect that human desire to strive for something better. It is beautiful to imagine how shared experiences have fueled and sustained their relationship.

Kurzbeschreibung "The Leopards Call, An Anglo-Indian Love Story, is a gripping account of a young husband and wife team. Norma and Reginald Shires, a nurse and minister, just two years into their marriage, set out to live in the wilderness grasslands of West Bengal, India, down from Bhutan. There they began teaching and building up a high school for students from rare tribal groups. From the very first page of this eloquent brief on living a simple life and raising a family in a jungle area, you become engrossed in a hilarious yet moving true story of their unforgettable world. Anglo-Indians have often distinguished themselves in sports, entertainment, medicine, education, the railway and telegraphs and in the armed services. This story is an example of those who devote their lives to those in need." Kurzbeschreibung "The Leopards Call, An Anglo-Indian Love Story, is a gripping account of a young husband and wife team.
