Von Mysti5d Everything needed for great writing is in this incredible red book. It's a two-for-one stunner of a value, even before any discount! I loved the interesting quotes and side notes. The writing book is marinated in writing principles; the grammar book is seasoned with writing rules. The lessons are easy to follow and there are lots of examples to fuse theory and practice. My advice is to take your time to relish this volume and not miss a single morsel. I keep the print version within arm's reach at my office and the ebook version with me while I'm on the move.
