Von Martin Marty : The Lord's Supper before purchasing it in order to gage whether or not it would be worth my time, and all praised The Lord's Supper:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.
Insightful and thought provoking - worth reading. Von Ein Kunde This book is an excellent reminder of a shared central

rite among Christians. People from all traditions, from the liturgical to the free church, will benefit from reading this book and using it as a starting point for contemplation and further study.

KurzbeschreibungBy expressing the thoughts of Christians as they prepare for church, listen to the pastor's sermon, and as they receive the sacrament, the author captures the powerful meaning of the Lord's Supper. Through his personal and inviting voice, church historian and Christian writer Martin E. Marty describes the origins of Holy Communion and the important role the sacrament has played throughout the history of the Christian church.
