Hysterically funny and true to real life.Von Ein KundeMarion Winik never ceases to amaze me with her candid and

heroically revealing writing. She can evoke so many emotions about diving into that great big pool of love we call 'Family'. As a nanny, I have had so many Mothers ask me, "Am I doing this right"? And, "Do you think I'm a good Mom"? I try to stay neutral and tell them that it doesn't matter what I think, it matters what THEY think. Then I recommend Marion's book and I always get VERY positive feedback about it. If you're a Mom; past, present or future, this book will make you feel a whole lot better about all that that entails. Your life won't be complete until you read it!

KurzbeschreibungChild Magazine Best Book of the Year"For me, parenting is like dieting. Every day, I wake up filled with resolve and good intentions, perfection in view, and every day I somehow stray from the path. The difference is with dieting, I usually make it to lunch. . . ."With the candor and often hilarious outlook that have made her a beloved commentator on NPR, Marion Winik takes the reader on an unforgettable journey through modern parenthood, with all of its attendant anxieties and joys. A single mother with two small boys, Winik knows exactly what she's talking about, from battles over breakfast and bedtime to the virtues of pre-packaged food and weightier issues like sex education and sibling rivalry. Part memoir and part survival guide, *The Lunch-Box Chronicles* is an engaging philosophy of parenting from a staunch realist, who knows that kids and their parents both will inevitably fall far short of perfection, and that a "good enough mom" really is, in fact, good enough. From the Trade Paperback edition. Pressestimmen "Take Erma Bombeck, add the obsession of a single mother with two boys... and you have Marion Winik, as companionable writer as a crazed parent ever found." - *The New York Times Book* "Marion Winik proves as able a bard for her generation as Erma Bombeck was for hers... Funny, warmhearted, and chock-full of moments of instant recognition." - *Newsday* "[H]ilarious and wrenching, it's about being a parent, but it's also about so much more: love, survival, transcendence and macaroni and cheese." - Anne Lamott, author of *Operating Instructions* KurzbeschreibungChild Magazine Best Book of the Year"For me, parenting is like dieting.
