BEWARE! THE KINDLE VERSION IS ABRIDGED! Von Andreas Gryphius Why did they shorten an already short book?? Useless! Buy the physical version and you are far better off! Less than one star! 7 von 7 Kunden fanden die folgende Rezension hilfreich. Absolutely Wonderful! Von A Positive Guy I find myself wondering if the reviewer below me and I read the same book! Antiquated nonsense? No way. When you stop and consider that everything around you at this moment was first the "thought" of you or someone else you begin to see the amazing power of thought and belief. Even the natural world and all its splendor was first the thought of a Higher Power or Force. So you can see how powerful this thing called belief is. When this book is applied to your own life you will find powerful changes that your belief effected. The "mirror technique" is particularly potent as are the exercises for auto-suggestion. Wonderful companions to this book are "Psycho-Cybernetics" by Maxwell Maltz, and "The Ultimate Secrets Of Total Self Confidence" by Robert Anthony. You are the possessor of your own mind and you direct it to the ends you choose. This book helps you learn not only how to use your own inherent power but learn to use it wisely. This book, in my opinion, ranks among the top two or three of its kind ever written. 3 von 3 Kunden fanden die folgende Rezension hilfreich. It truly changed my life Von marty About 50 years ago, things were getting difficult. Trying to build a business, but was getting nowhere. My wife bought me the book, but I was too stubborn to read it. Finally one day I relented, picked it up and read it. Everything turned around almost immediately. It is a book that stirs your emotions, makes you realize what you can be, if you know what you want to be. It really works. I am reordering another copy now as I cannot find my old copy. looking forward to rereading it again Marty
