Von Charles F. Haanel : The Master Key System (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Master Key System (English Edition):

KurzbeschreibungTHE MASTER KEY SYSTEM, by Charles F Haanel, was written in 1912! Charles F Haanel was no self-help philosopher. He was the founder of Continental Commercial Company, one of the largest corporations in his day.Even though he was a practical man of business, he had a profound understanding and personal grasp of psychology and self-improvement, particularly in the power that is available to us in our thoughts.What he presented in his book is perhaps best summarized by these words:We must be before we can do,and we can do only to the extent which we are,and what we are depends upon what we think.KurzbeschreibungTHE MASTER KEY SYSTEM, by Charles F Haanel, was written in 1912! you through practical lessons that will make it easy for you to change your entire way of thinking. Long before Michael Losier and James Arthur Ray reminded the world just how affective the power of positive thinking could be in *Laws of Attraction* and *The Science of Success* Charles F. Haanel had mapped out a twenty four lesson program that, when followed, realizes tremendous results. Success is right around the corner, this book holds the key.
