Von Vladimir Lossky : The Mystical Theology of the Eastern Church before purchasing it in order to gage whether or not it would be worth my time, and all praised The Mystical Theology of the Eastern Church:

KundenrezensionenHilfreichste Kundenrezensionen

Kurzbeschreibung Through a combination of careful scholarship and the warmth of the deep personal devotion of the author, this book provides the authoritative English study of Eastern orthodox theology. Lossky's account makes clear the profound theological differences between East and West, as well as offering an important contribution to ecumenism and to the life of Christian devotion. The tradition of the Eastern Church is presented as a mystical theology with doctrine and experience mutually supporting each other. Pressestimmen "Its great merit lies in its mastery and systematic exposition of the Eastern Church." The Guardian "The whole range of theology is passed under review in this little book in a masterly way." The Expository Times "The book is a comprehensive account, by a truly gifted and learned theologian, of the intricates of Orthodox Christian theology. ... Lossky's work is, and will surely remain, a classic and indispensable source for the study of the Eastern Christian tradition." Theandros Journal Kurzbeschreibung Through a combination of careful scholarship and the warmth of the deep personal devotion of the author, this book provides the authoritative English study of Eastern orthodox theology. Lossky's account makes clear the profound theological differences between East and West, as well as offering an important contribution to ecumenism and to the life of Christian devotion. The tradition of the Eastern Church is presented as a mystical theology with doctrine and experience mutually supporting each other.
