**Von Merrill F. Unger : The New Unger's Bible Handbook** before purchasing it in order to gage whether or not it would be worth my time, and all praised The New Unger's Bible Handbook:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A not too bad reference tool....Von David BennettThe UBH is fairly informative, and I found the info on the early church and canon formation very helpful. However the theological beliefs of the author creep in a lot. In Revelation, for instance, he only treats the futurist view of interpretation as worthwhile, while dismissing the other views without any real evidence against them. I have found this book was very useful when I was a younger Christian, but now it basically sits on the shelf. I think the NIV Study Bible's notes and package are the better way to go.0 von 0 Kunden

fanden die folgende Rezension hilfreich. Interesting and very thorough  
Von Ein Kunde  
This is the best example of the type of reference work that I could locate. I purchased it at retail price because it was readily available at that time. It has proven somewhat valuable in my research of the scriptures by its coverage of the archaeology and culture of its time.

Kurzbeschreibung  
A rich treasury of Bible information! The New Unger's Bible Handbook remains the one book indispensable to quality study, chock-full of color illustrations, photographs, maps, diagrams, charts and more. Now with updated graphics, this classic is sure to be a favorite among the next generation of Bible scholars.
