Von Ewen Nicholson, Allan Henderson : The Next Horizon (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Next Horizon (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. excellent and heart touching Von Karsten Klietschmet Ewen personally in the Harbour and had a Little Chat with him- very authentic Person. He wrote what was on his heart and he loves People.

Kurzbeschreibung There is a certain belief that everyone has a story to tell. Ewen Nicholson is proof of that. Blessed with a natural Hebridean flare for storytelling, he has retained much of the lore imparted to him as a child, and continues to delight in the meeting of others and sharing of stories, being a champion of that rarest of beasts, conversation. Ewen Nicholson has found an inner contentment, reconciled with his past and ready for his future. For him, retirement is anathema. He has his health and strength and for that he is grateful. The Grimsay Isle ploughs a steady course through the waters of Scotlands west coast, and still yet, the wonder of what might be just across the horizon. A heart warming honest account of a seafarer who triumphs over the sea and alcoholism with humour and great courage. An enthralling tale. Elizabeth Sutherland
