Wilson. Wilson is the official company historian for Colt, and has written many excellent titles including, but not limited to: "Colt: an American Legend"; "Steel Canvas: the Art of American Arms"; "Winchester: an American Legend", etc. Wilson covers any topic in a thorough, intelligent and entertaining fashion. Like all Wilson's books, "Peacemakers" includes a profusion of beautiful color plates. Highly, highly recommended.2 von 2 Kunden fanden die folgende Rezension hilfreich. The best book on Old West gunsVon Frederico AlexandroniThis book is one of the most beatiful I have seen. If you like cowboy guns, buy this book. The extraordinary amount of information provided on the text is surpassed only by the quality and variety of the pictures. The book is divided in chapters coverring all aspects of the life during the period, and gives special details on guns of famous men. It is a great source for all cowboy shooters and gun collectors.

KurzbeschreibungBeginning with Native American primitive weaponry, The Peacemakers presents a comprehensive panorama from Lewis and Clark and their historic expedition, through subsequent trailblazing explorers, traders and mountain men, to the Army, the gold and silver miners, gunfighters, gamblers, outlaws, frontier madams and their soiled doves, to peace officers, cowboys and ranchers, as well as sodbusters, shopkeepers and the agents of Wells Fargo, hunters and gentlemen-sportsmen, Wild West showmen and women, to the Western stars of stage, screen,

radio, and television. A final chapter provides insights and revelations on collecting arms and related treasures of the frontier. Designed as a companion volume to the bestselling *Winchester: An American Legend* and *Colt: An American Legend*, *The Peacemakers* matches those award-winning books with a fresh and breathtaking look at the extraordinary variety of Western arms. In stark contrast to the primitive Native American weapons of the time, the mechanical marvels of the time changed the course of history. These weapons were created by Colt, Winchester, Smith Wesson, Remington, Marlin, Sharps, Henry Deringer, Hawken, the U.S. armories and subcontractors, and small-shop private gunmakers. This book also includes other weapons of the era, like the ubiquitous Bowie knife, and more—many elegantly embellished knives including some by Tiffany Co.
