**Von Sir Arthur Conan Doyle : The Poison Belt (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Poison Belt (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. No bird flew in the blue vault of heaven, no man or beast moved upon the vast countryside which lay before us. Von blue-eyed Prof. Challenger, Prof. Summerlee, Lord John Roxton und Mr. Malone sind zurück! Drei Jahre nach der Entdeckung von The Lost World wartet ein neues Abenteuer auf die vier Männer. Challenger lässt seinen ehemaligen

Weggeführten eine mysteriöse Botschaft bringen: Bring oxygen. Challenger., und will sich mit ihnen sofort treffen. Er hat keine guten Nachrichten für seine Freunde: Im expecting the end of the world today..., denn ein Gift aus dem Weltall breitet sich sehr schnell über die gesamte Welt aus, was bereits zum Tod vieler Menschen geführt hat. Die Frage ist nun, können sie sich und die anderen Überlebenden retten? Der zweite Teil in der Prof. Challenger-Reihe ist leider nicht so spannend wie der Vorgänger. Trotzdem war es unterhaltsam, die vier Männer erneut auf einem Abenteuer zu begleiten. Diese Reihe ist wirklich einzigartig. Prof. Challenger: the wisest man is he who holds himself ready for the unexpected.

Kurzbeschreibung This book was converted from its physical edition to the digital format by a community of volunteers. You may find it for free on the web. Purchase of the Kindle edition includes wireless delivery. Rezension Professor Challenger, his wife, journalist Malone and adventurer Roxton have gathered with oxygen canisters to watch the final hours of the world. As a poisonous miasma apparently asphyxiates the human race, Malone feverishly writes his copy. More than just SF, this is Conan Doyle's post-First World War message of hope. Read with gusto. --Rachel Redford, The Observer Pressestimmen Professor Challenger, his wife, journalist Malone and adventurer Roxton have gathered with oxygen canisters to watch the final hours of the world. As a poisonous miasma apparently asphyxiates the human race, Malone feverishly writes his copy. More than just SF, this is Conan Doyle's post-First World War message of hope. Read with gusto. - Rachel Redford, The Observer In Doyle's short novel featuring Professor Challenger, the earth moves through a poisonous belt of the 'ether' - the stuff supposedly filling space - and the protagonists of the first Challenger novel, The Lost World, reunite to observe what seems to be the end of all life. ...Glen McCready ... supplies appropriate voices for the major characters, including the rumbling, bull-like Professor Challenger, his dainty wife, and the drawling Lord Roxton. Overall, McCready delivers the somewhat talky text with careful expressiveness, helping to bring it to life. - W.M. A(c) AudioFile 2009, Portland, Maine
