Brilliant Von Heather Dunne Macadam Pat has done what few writers can--re-invent the process. His exercises not only reach deep into the muse of one's subconscious, but is an excellent tool for those who wish to emulate the prose style of Irish writers. I use this book with high school students as well as undergrad and grad--the results are awe-inspiring. 0 von 0 Kunden fanden die folgende Rezension hilfreich. portable? Von Johnott What's 'portable' about this book, I don't know. For me the instructions or exercises- although the author calls them "games" - were too exhausting. Writing should be easy, but if the 'games' are already heavy...

Kurzbeschreibung How do writers write? What do they do when they're stuck for ideas? Or how do they take those still vague ideas to the next level, maybe even all the way to publication? Whether you belong to a writing group running low on steam, or are struggling on your own and looking for some helpful direction, this book - now in its fifth reprinting and updated for this new edition - offers all the practical assistance you'll ever need. Covering everything from ideas for generating raw material to form and technique in poetry and prose, prize-winning poet and writer Pat Boran (who has conducted hundreds of writing workshops over the years) takes a hands-on approach to the creative writing process, concluding with a new section for those considering their own first steps towards publication. Accessible, enjoyable and stimulating, The Portable Creative Writing Workshop is an ideal starting point (and travel companion) for anyone setting out on the writer's journey.
